

Mohawk College

GRADUATE PROFILE

Mohawk College graduates have:

- **practical, occupation-specific knowledge, skills and abilities** that allow them to perform confidently and competently as entry-level employees in their respective fields.
- **transferable skills** to position them for success in an ever-changing world.
- **capacity to use learning technologies** to stay current with workplace demands and developments, and pursue professional development and personal renewal opportunities in future.

Mohawk College graduates can:

- **communicate effectively** with others of diverse backgrounds, values and personalities to develop meaningful relationships, share knowledge, manage conflict, solve problems, and foster positive change.
- **collaborate productively** across networks to enhance knowledge, generate innovative ideas, resolve challenges and respond to change.
- **use creativity, problem solving and critical thinking skills** to assess risk, make informed decisions and take appropriate, timely action.
- **apply personal, professional and social practices** to promote physical, economic, mental and emotional wellbeing, and also foster civic engagement.
